On May 13, 2009, I received a letter from eChalk, our service provider for Web Hosting, to tell us that 94% of their services versus 84% were eligible for funding through the Schools and Libraries Program. Although this vendor encouraged me several times to contact their e-rate department, I hesitated because I am did not want to file an appeal per the service provider's understanding versus that of Schools and Libraries. So, I waited as indicated on their letter (see attached), for a contact from a PIA reviewer. This letter never followed, so I contacted Schools and Libraries to check out the validity of the increased percentage. The service person I spoke with said she had never heard of a percentage increasing, and I left it at that after passing on the information to the program coordinator. Unfortunately, I did not keep the reference number for this call.

I, again, received a call from the service provider notifying me that Schools and Libraries had not heard from me regarding an appeal to increase our percentage. I told him what the first contact told me; and after speaking with the gentleman for

several minutes, I told him I would contact Schools and Libraries again. On August 14, 2009, I called again and was given the same answer—Case #21-931819. I also made another contact with multiple questions (some not pertaining to this issue)-Case 21-937557. Prior to making this call, I was told that the cost allocation process was approved by Eric Flock. When I gave this information to the Schools and Libraries' contact, she did not recognize Mr. Flock as a fellow employee. The contact did, however, finally shed some light on what the vendor had been trying to relay—that the vendor's eligibility level (what is eligible versus what is ineligible) may have changed.

Attached is the letter that explains the eligibility increase as per contract # 07-7554-33482 between the Alief Independent School District and eChalk. Please accept this letter as a formal appeal to the FCC for the Alief School District to take advantage of additional funding in the amount of \$20,853.42--as per the services indicated on our 470 posting (also attached). Services began on July 1, 2009 and will continue through June 30, 2010. Although I have not made a formal appeal to USAC, I was told by the representative (Case 21-937557) that the timeframe had expired for making appeals directly to USAC and that I should forward an appeal to the FCC.

Sincerely,

Donna Senf Rea, Manager

If USAC is being billed via the FCC Form 472, the applicant pays the service provider in full (the non-discount plus discount portion) and then seeks reimbursement from USAC. If you are using a trade-in as part of your non-discount portion, please refer to our website for more information.

NOTICE ON RULES AND FUNDS AVAILABILITY

Applicants' receipt of funding commitments is contingent on their compliance with all statutory, regulatory, and procedural requirements of the Schools and Libraries Program. Applicants who have received funding commitments continue to be subject to audits and other reviews that USAC and/or the FCC may undertake periodically to assure that funds that have been committed are being used in accordance with all such requirements. USAC may be required to reduce or cancel funding commitments that were not issued in accordance with such requirements, whether due to action or inaction, including but not limited to that by USAC, the applicant, or the service provider. USAC, and other appropriate authorities (including but not limited to the FCC), may pursue enforcement actions and other means of recourse to collect improperly disbursed funds. The timing of payment of invoices may also be affected by the availability of funds based on the amount of funds collected from contributing telecommunications companies.

Re: eChalk E-rate eligibility increase; Contract # 07-7554-33482

Dear Donna Senf,

Great news! The SLD has announced a change in their eligibility rules in the Web hosting category. Specifically, the SLD has determined that intranet services are now eligible to receive E-rate discounts. As a result, eChalk's eligibility percentage has gone up from 84% to 94%! This means you will pay less for the eChalk service, and the E-rate program pays more. Here is a breakdown of your potential savings:

Client Name	SLD Portion at 84%	District portion at 84%	SLD Portion at 94%	District Portion at 94%
Alief Independent School District	\$175168.73	\$92666.27	\$196022.15	\$71812.85
Total Savings	\$20853.42			

PIA reviewers will be sending a letter notifying you of eChalk's increased eligibility rate of 94% and outlining the requirements to take advantage of this increased discount in funding year 2009. Please read their letter carefully and respond promptly. Your new funding request at the new 94% eligibility level should equal: \$196022.15. If you have any questions about the letter and how to respond, please feel free to contact eChalk for assistance.

You will *not* be required to sign a new contract with eChalk as a result of this change. Please simply issue a Purchase Order to eChalk for the appropriate amount and you will be billed accordingly.

If this letter has reached you in error, please forward to the appropriate billing contact at your site.

We look forward to serving you this year!

Sincerely,
eChalk, Inc.
Billing@eChalk.com

*called SLD on 8/14/09 to verify --
according to their records, it is 84%.
